## HIDDEN TREASURES ACTIVITY

### **Mom/Dad**

Keep our daytime phone numbers handy in case you are at school during an emergency.

### **Phone**

I can connect you to your family members or to emergency workers like police or firefighters.

### **Door**

It's important to know where all the exits are in your house or school in case you need to leave quickly.

### **Radio**

A hurricane can cause the electricity go out. How will you listen to the weather report? And make sure you have batteries so this radio will work.

### **Emergency Supply Kit**

Keep your emergency supply kit in a place that's easy to find during an unexpected event. Can you spot the kit in this house?

### **Photo of Grandma/Relative**

I am your out-of-town contact. You can call me in an emergency and let me know what's happening. I can tell you with whom in your family I've spoken.
